A simple approval statement from home works as well for this kind of vote but I have forwarded your question to Dr. Depuy for clarification.

Kathy,

I think that I have to vote at school and I will tomorrow, but I do wonder where communications and ethics are covered in the curriculum. Both are probably in one of the courses, but it would be comforting to know they will be covered.

Tod

Subject: ESAP CC Vote on BSN Program Course List

Hello, everyone.

Dr. Sass has approved sending out this electronic Curriculum Committee vote for the following curriculum action:

The approval of the proposed Bachelor of Science in Nursing program course list. (See attached program list and course descriptions)

Justification: Scheduled to begin course offerings in January 2012, the program has been approved by DOE and Palm Beach State Nursing faculty have developed the upper level Nursing course descriptions and BSN course sequence. This proposal needs Curriculum Committee approval to go forward to SACS for their approval.

According to Curriculum Committee policy (1/24/02), the committee has five (5) working days to respond to this email with a vote. The actions will pass or fail based on the number of votes collected by this time. Please review these documents and respond to this e-mail by November 12th.

Once approved by SACS, the BSN program courses will be developed by BSN faculty and will be submitted to Deans' Council and Curriculum Committee as they are developed.

Please review the BSN Course List and course descriptions and indicate your approval or rejection by selecting the appropriate voting button at the top of this message. You must open the message completely to see the voting buttons. For those using Outlook Web Access, please reply as a normal e-mail with approval or rejection. (Voting buttons do not work through this system.)

If you have any questions or concerns about this action please include these inquiries in your voting response or contact me at 1-3893. I will follow-up with Dr. Depuy, who coordinated the development of this program course list and send out another voting e-mail if necessary.

Please respond to this request by November 12th. Approval will be based on the majority of responses received from Curriculum Committee members by this time.

Thank you for your assistance. Do not hesitate to call if you have any questions or concerns.

I look forward to hearing from you.

Kathy Gamble
