COURSE	DATES	DAYS	TIME	LOCATION	REF #	COST
AutoCAD Intro (CPO0325)	3/24/12-5/5/12	S	9:00a-1:00p	LW	160057	\$235.00
Join us and learn about the new and enhanced tools that make AutoCAD a designer's dream. Learn to use Autodesk AutoCAD software, the industry standard for computerized drafting. Upon completion of this course, the student should be able to create a basic 2D drawing using drawing and editing tools, organize drawing objects on layers, add text and basic dimensions, and prepare to plot. (24 hours)						
ISO 9001/14001 	2/27/12 - 3/2/12	MTWRF	8:00a-5:30p	LW	Call for details and to reserve a spot!	
This is a new program whereby you can get 2 Lead Auditor Certificates (ISO 9001:2008 and ISO 14001:2004) in one week. Why take this ISO 9001:2008 and ISO 14001:2004 Certified Lead Auditor Course? Every day more and more companies are implementing and becoming certified to the international Quality Management System ISO 9001:2008 as a way to acquire more business or just to be able to keep the business they have. Also environmental awareness and concern are driving progressive companies to implement an Environmental Management System and have it certified to the international standard ISO 14001:2004. By taking this RABQSA Certified Lead Auditor Course you bring CREDIBILITY to your company and to yourself. (3 to 5 days)						
LEED Green Associate (TIO0557)	3/14/12—3/28/12	W	6:00p-9:45p	LW	164972	\$240.00
Do you want to receive your USGBC LEED Green Associates Accreditation? This course prepares you for the LEED Green Associates Exam. The USGBC and the LEED Rating Systems will be discussed and you will discover and characterize green building initiatives. You will find out the intent of each LEED Credit Category, identifying best practices, related key terms and concepts. (12 hours)						
Waste water Treatment Plant Operator C Part 1 (ORO0212)	3/13/12 – 5/5/12	T, R S	6:00p-9:30p 9:00a-1:00p	LW	154993	\$500.00
Wastewater treatment plant operators - This course is designed to train operators to safely and effectively operate and maintain. Students are trained in the practical aspects of operating and maintaining wastewater treatment plants, emphasizing safe practices and procedures. Part 1 and Part 2 are the prerequisite courses for taking the State's Class "C" Wastewater Treatment License Exam. (80 hours)						
Welding Maintenance (TIO0125)	Call!	S	8:00a-12:30p	LW	TBD	\$195.00
In this introductory welding course you will be able to learn the essential skills and basic knowledge to demonstrate the safe use of welding shop hand tools and equipment used during basic shielded metal arc welding (Stick welding) and basic oxyfuel gas cutting/welding processes. (18 hours)						
Welding with Gas Tungsten Arc (TIG) (TIO0128)	3/17/12-4/14/12	S	8:00a-12:30p	LW	TBD	\$195.00
Prerequisite: Basic welding skills. Learn to weld using Gas Tungsten Arc Welding equipment (TIG). Students will complete welding projects including stringer bead flat position welds. (18 hours)						

Coming in Fall! Water Treatment  
Operator “C” License Prep
