

# How to Update Your Blackboard Course Home Page

Since the College has changed its name from Palm Beach Community College to Palm Beach State College, you'll need to change all references in your online course to reflect the new name.

*Below you'll find step-by-step instructions on how to update your home page.*

- First, enter your online course and make sure you are in Build mode. (You will not be able to change the home page in Teach mode.)
- In the upper right-hand corner, click on the button labeled Page Options.
- From the drop-down menu, choose the option Edit Header.
- A new window will appear titled *Create or Edit Header*.
- Click on the button Enable HTML Creator to view the header.
- With this feature enabled, we are now able to edit the home page.

- Use the scroll bar on the right to display the College's name. Change "Community" (highlighted in the image above) to "State".
- Continue scrolling until you see your email address. Change "username@pbcc.edu" to "username@palmbeachstate.edu".
- You are ready now to click Save. *Your course has been updated!*
