## Introduction

The Fee Schedule booklet is comprised of fees that are charged for lab fees, material usage, fines, penalties, rental fees and a variety of other services. Fees are charged according to Florida Statutes, Chapter 1009 (et al).

The Vice President of Administration and Business Services, or designee, compiles an annual listing of fees. This includes fee changes, additions or deletions and which are then presented to the District Board of Trustees. The College always reserves the right to make any changes or adjustments to the current fee schedule to cover use or costs. This includes, but is not limited to, lab breakage, use of specialized equipment when renting facilities, participation/entry fees into special events, indirect cost reimbursements, and other rental fees for facilities and equipment not otherwise listed. Changes to the approved Fee Schedule booklet will be implemented after a memo recommending the change, along with the appropriate support, is forwarded to and approved by the Office of the Vice President of Administration and Business Services.

Fees for continuing workforce education shall be locally determined per Florida Statute 1009.22(b). Expenditures for the continuing workforce education program provided by the College must be fully supported by fees. Enrollments in continuing workforce education courses may not be counted for purposes of funding full-time equivalent enrollment. Fees charged for Recreational and Leisure, which is a sub function classification of non-credit courses and are designed to provide recreational or leisure time activities are also determined locally. Course special fees are charged to cover costs of the program.

## Campus Facilities Rental Fees

Some rental fees are categorized as profit and nonprofit. Profit is described as any individual and/or organization that are in business to make a profit. Individuals and/or organizations claiming nonprofit status must present proof. Any organized group which uses College facilities and/or property must have liability insurance coverage. This coverage must be provided by the requesting group/organization in one of two ways:

1. A certificate of insurance evidencing liability coverage in the minimum amount of \$1,000,000 and naming the College as an additional insured.
2. Reimbursement to the College for its additional cost of providing premises liability coverage for the specific event through the Florida College System Risk Management Consortium.

The College reserves the right to 1) Refuse to rent its facilities to any person or organization that has caused any prior damage, whether reimbursed or not and 2) Rent to only nonprofit organizations.
