

Elevator Construction and Rescue

Instructor: Mark Davis

Course ID # FFO0476

Reference # 164902

\$55.00

February 8, 2012
8:30 am – 5:30 pm
Room #SCA-139

PALM BEACH STATE COLLEGE
4200 CONGRESS AVE.
LAKE WORTH, FL 33431

A basic understanding of elevator construction is necessary for the professional firefighter to manage an incident. This knowledge will enhance the critical thinking needed to mitigate elevator emergencies. Firefighters will perform Phase I and Phase II control of an elevator and will learn the importance of powering down the elevator as the need arises.
