

# PALM BEACH STATE COLLEGE

Prep Math Cluster Agenda  
October 29, 2013  
2:00 – 3:00 p.m.  
Lake Worth Campus

---

---

## ITEM 1

### **Development of MODS**

There was a motion to create MODS (Modular Format) for Fall 2014. The cluster approved the motion. The content will be similar to MAT 0028. The MODS should be 1 credit or 2 credits. Students would take the PERT or a diagnostic test to figure the amount of remediation needed. The 1 credit MODS are for students that need a little remediation. The 2 credits MODS will be a condensed version of the revised MAT 0028 curriculum.

## ITEM 2

### **Recommendations for MAT 0022**

MAT 0022 is a combined course (MAT 0018 and MAT 0028). MAT 0022 is designed for students that tested into the lowest end of the PERT. After a discussion, the cluster recommends that MAT 0022 should be offered in 12 or 16 week courses at different times during the day. An 8 week MAT 0022 course would be too intense for a student that tested into the lowest end of the PERT.

#### Attendance:

Alex Opritsa

Eileen Doran

Dana Hamadeh

Kenny Chan

Mauvette Joseph

Ralston Brown

Reginald Butler

Gail Burkett

Derrick Ruffin
