### **ITEM 1. Intermediate Accounting Textbook Selection**

**Discussion:** Professor Robin D'Agati proposed that the Cluster adopt the 16<sup>th</sup> edition of the Kieso, Weyhandt, and Warfield textbook published by Wiley Publishing for ACG2100 Intermediate Accounting starting in the fall semester of 2016.

**Data source:** N/A

**Action:** Following a brief discussion the Cluster affirmed Professor D'Agati's proposal of the Kieso textbook for ACG2100 Intermediate Accounting.

### **ITEM 2. Proposed Changes to the College Credit Certificate**

**Discussion:** Professor D'Agati noted a slight discrepancy between the CCC and the AS degree. In January 2016, the curriculum committee approved a change to the AS degree brought forward by the Accounting cluster. The changes included a reduction of the degree to 60 credits and the addition of two required classes (SLS1302 & SLS1303 or the student could substitute SLS1501 for both). The CCC includes 2 credits of electives and provides the prefixes for courses from which the student can choose. The SLS prefix is not included in the list. Professor D'Agati requested to add SLS into the list of approved elective prefixes for the CCC. Professor D'Agati will complete the paperwork to present to the curriculum committee.

**Data/data source:** School Catalog

**Action:** The Cluster unanimously affirmed Professor D'Agati's proposal.
