

PALM BEACH STATE COLLEGE

STUDENT LEARNING CENTER CLUSTER MINUTES

January 5, 2015

9:30a-10:15a

BA 123 - Lake Worth Campus

ITEM 1. Florida College Learning Center Association (FCLCA) Conference

SLC Managers

Discussion: The SLC managers reminded the cluster that the conference would be held on April 9-10. The attendees will have the option to tour the PBSC Boca campus on 4/9. The break-out sessions will be held on 4/10. The managers informed the cluster that SP&D funds would be submitted for ten employees; priority would be given to presenters and moderators. All conference proposals are due by mid-January and should be submitted through the FCLCA website: www.floridacollegelearning.org. The registration fee for the conference is \$150 (\$200 after March 15); the fee includes two lunches and a networking dinner. The hotel fee is \$119 a night, which includes breakfast.

Data/data source: N/A

Action: Cluster members wishing to present at the conference should submit a proposal to the FCLCA by mid-January. Cluster members who are interested in attending should inquire with their SLC manager about SP&D funding.

OTHER.

ITEM 1. Response to Senate Bill 1720 and Curriculum Changes (MAT 1033/1033L and ENC 0017)

Discussion: The Lake Worth math learning specialists discussed changes to the physical space in the Math Lab to accommodate the increasing number of MAT 1033/1033L students using the SLC. The Boca math learning specialists are piloting "Open Study Sessions" and orientations for MAT 1033. Steve Arterburn also announced that nearly half of all MAT 1033 courses will be covered by S.I. in the fall.

Mayetta Lee raised concerns about the demand the current ENC 0017 lab assignments has on the students and tutoring staff. The Boca reading and English learning specialists agree the lab assignments are demanding but seem to be preparing the students for ENC 1101/1101L coursework; however, due to the increase in the number of students from ENC 1101/1101L, in addition to the increase of credit students as a result of the new online appointment system, learning specialists may consider revising the lab work.
