

Requirements to Maintain and Continue the NSF Scholarship

- Maintain full-time enrollment (minimum of 12 semester hours)
- Maintain a minimum 3.2 cumulative grade point average
- Continue enrollment in STEM classes and major program of study
- What happens if I don't meet the criteria after fall term?
- Attend meetings when required (you will be informed when and where meetings will be held)
- Activate and check PBSC email frequently for NSF updates and meeting notices
- Meet with an academic advisor each term
- Submit, and complete, a Federal Financial Aid Form each year prior to July 1
- To receive the NSF scholarship after graduating from PBSC you must enroll at Florida Atlantic University. The NSF grant will pay the first year scholarship (\$3,650) at FAU and the FAU College of Engineering will pay the last year (provided all criteria are met).
