Emergency Management Certificate

Emergency Management is a field of study where people coordinate disaster response or crisis management activities, provide disaster preparedness training, and prepare emergency plans and procedures for natural, wartime, or technological disasters or hostage situations.

What businesses hire Emergency Managers?

- Police and Fire departments
- County, State, and Municipal Governments
- Utility companies (gas, water, electric, etc.)
- FEMA (Federal Government)
- Large colleges and universities
- Hospitals and Large corporations

All 8 courses are 100% ONLINE!
** Certificate can be completed in 1 year **

Emergency Management affects everyone!

According to the FL Disaster.org website, "almost 40% of small businesses that close due to a disaster event never re-open."

What would you do? Are you prepared?

Where would you go if your building was destroyed?

Do you have the correct resources, databases, and contact information to adapt?

Start preparing today!
