Program Information

About the Program

This comprehensive program is designed to prepare students for employment as a Medical Assistant and as a vital member of the physician's health care team. The program is taught in an office-like setting allowing students to learn the necessary skills to work in both the administrative and clinical settings of a physician's office or an Outpatient Clinic. Program completers will receive a Post Secondary Adult Vocational Certificate required for eligibility to take the American Association of Medical Assistants (AAMA) National Certification Exam in order to be awarded the Certified Medical Assistant credential (CMA-AAMA). This program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Medical Assisting Education Review Board (www.maerb.org).
