COURSE DESCRIPTION:

COURSE DESCRIPTION:

This course is designed to provide the Fire Instructor with the next level of understanding for the training of personnel. This course is designed to train the participants to perform job and task analysis, develop goals and objectives, and develop a lesson plan along with the coordinating of training aids and student test and evaluation. Upon successful completion the student will have satisfied the academic requirements for certification at the Fire Instructor II level.

This class is an elective course for an A.S. Degree in Fire Science Technology, a requirement for a Fire Officer II certificate, and meets the re-certification requirements for Fire Instructor 1, 2, & 3, and Fire Safety Inspector.
