Palm Beach State College Foundation Scholarships
5/4/17

The door to higher education is open to students attending Palm Beach State College. The Foundation's goal is to help students overcome this obstacle through its scholarship program. Generous individuals, businesses, foundations and organizations in the community provide donations to benefit students in many programs. Below is a listing of the annual and endowed named scholarships.

To be considered for Foundation Scholarships, students must complete and submit the on-line scholarship application. The student completes one application which enables the Foundation to to consider the student for all the Foundation scholarships.

In order to qualify for a Foundation Scholarship, the student must be completing their first AA, AS, AAS, ATC, ATD, CCC or PSAV degree. The Foundation has limited scholarship funding available to students in the Bachelor Programs.

Foundation Scholarship applications for the Fall/Spring Terms are available prior to the start of Fall Term. The majority of scholarships are awarded for the Fall/Spring Terms. Summer Term scholarships will be awarded by the Financial Aid Office.

By completing the scholarship application, you will be considered for all the scholarships for which you qualify for based on the donor critieria. Students are only awarded one foundation scholarship per term. The Foundation Scholarship website is updated periodically with notices regarding upcoming scholarship opportunities and interim status reports of scholarship awarding.

Please keep in mind that it is the donor that establishes the scholarship criteria. The majority of foundation scholarships require students complete the Free Application for Federal Student Aid (FAFSA) and have financial need. We recommend that students complete a FAFSA online at FAFSA on the Web.

Helen Bokas Darcey Endowed Scholarship
With our father, we established this endowment to honor our mother, Helen Darcey, commemorating her commitment to teaching and affection for this university. An instructor in the Communications Department, her main specialty was teaching reading. Although reading is an ability most take for granted, imagine tackling your college courses without a command of this basic skill! For years, Mom encouraged students and taught them tools to improve proficiency. Consider the benefits: comprehension makes books more enjoyable, builds confidence and expands life's opportunities.

Mom's style, grace and pretty smile made her a favorite. One colleague told us "When I first got to know Helen, she made me feel like a special friend. Later, I realized she made everyone feel that way." Mom's success was evident: One year, she was voted to serve as a representative to the national "Teacher of the Year" convention. She kept a box of cards, drawings and trinkets from grateful students. We got a kick when, years after her 1995 retirement, people continued to stop her to say, "Remember me, Mrs. Darcey?" and "You really helped me". This is her proud legacy. Thanks, Mom.

This scholarship is available to 2nd year (sophomore) students majoring in Communications, English or Reading. The student must be enrolled 6 or more credit hours and have a GPA of 3.3 or higher. Student must be paying in-state tuition. Financial need is required. To be eligible, applicants must complete a (FAFSA).

Welder Services of FL Steve Knight Memorial Scholarship
Welder Services of Florida, Inc. is proud to announce the creation of the Welder Services of FL Steve Knight Memorial Scholarship for the Palm Beach State College Welding Technology Certificate program. In an effort to continue the philosophy of her father Wm. "Steve" Knight, former President of WSI, Brooke Knight established this scholarship in partnership with Palm Beach State College to help students seeking opportunities to learn, grow, and perfect their technical welding skills.

Steve Knight spent more than three decades helping individuals entering the welding field to grow their businesses. He provided technical assistance, extended financial credit, and believed that hard work and dedication pays off when you have someone in your corner. His talks were invaluable, and he gave kind-yet-direct spoonfuls of real advice to welders and fabricators breaking into the South Florida region for over thirty years. Steve knew that by helping them, he was providing a great service to the community, and building long-term relationships that have turned into extended family. Steve believed whole-heartedly that by "paying it forward" he would make a difference, and the WSI family is continuing that tenet by investing in the men and women that are the future of welding and fabrication.

This scholarship is available to students who are enrolled in the (PSAV) Welding Technology Program. Students must be enrolled 6 or more credit hours (or equivalent). Incoming GPA not required but students must pass required courses. FAFA and financial need not required.

NOTE: For students enrolled in Post Secondary Adult Vocational (PSAV) Programs, the required enrollment credit hours will be converted to clock hour equivalency when considering students for scholarships.
