NON-U.S. CITIZENS Clarification:

Qualifications.
Certain non-U.S. citizens such as lawful permanent residents, temporary permanent residents, asylees, parolees, and refugees who have applied for and been approved for such status and who otherwise meet the 12-month legal residence requirements, are eligible to establish Florida residency for tuition purposes. Provided that the non-U.S. citizen has proof of his/her permanent immigration status, he or she may be classified as a Florida resident 12 months from the time he or she establishes legal Florida residence for tuition purposes (e.g., 12 months from the time he or she purchases a Florida home, obtains a Florida driver’s license, etc.). It is not necessary to wait 12 months from the date he or she becomes an eligible alien (e.g., the date of the resident alien card (I-551) is issued).

Check with the College Admissions office on authorized immigration status that is eligible to receive in-state tuition.
According to Florida Law, in order to pay “in-state” tuition, EVERY STUDENT must provide a declaration of residency and appropriate documentation prior to the first day of the term for which Florida residency is sought. To qualify for in-state tuition, a student must be a U.S. Citizen, permanent resident alien or legal alien (see Non-US Citizen clarification for criteria).

What this means:

It is your responsibility to prove you are a Florida resident.

Even if you’ve attended elementary, middle school and high school in the state of Florida, you will need to provide PROOF of residency. Palm Beach State College will determine your status based on the documentation you provide.

Why it’s important:

You may be charged out-of-state tuition if you do not supply this information by the start of classes.

What you must do:

When applying to Palm Beach State you must provide residency documentation on the Florida Resident For Tuition Purposes Affidavit section of the College application. When applying to Palm Beach State College, you also need to provide documentation to support any application for in-state tuition on the basis of legal residence for statutory exemption (see pp. 6-8).

Exceptions/Qualifications to the 12-month Requirement

Florida Statutes also permit certain applicants who do not meet the 12-month legal residence requirement to be classified as Florida residents or “temporary residents” for tuition purposes. Documentation in support of the above exceptions is required; however, the student does not have to show 12 months of residence in Florida prior to qualifying. These exceptional categories are as follows:

1. Dependent children reading continuously with a legal resident adult relative other than the parent for at least five years immediately prior to the first day of classes of the term which Florida residency is sought.
2. Persons who were enrolled as Florida residents for tuition purposes at a Florida public institution of higher education, but who abandon Florida residency and then re-enroll in Florida within 12 months of the abandonment — provided that he/she continuously maintains the re-established domicile during the period of enrollment. (This benefit only applies one time.)
3. Active duty members of the Armed Services of the United States residing or stationed in Florida (and spouse/dependent children); active duty members of the Florida National Guard (and spouse/dependent children) who qualify under 250(107) and (8); or military personnel not stationed in Florida whose home of record is in the United States and whose spouses and dependent children are United States citizens.
4. Active duty members of the Armed Services of the United States and their spouses/dependent children attending a public community college or university within 50 miles of the military establishment where they are stationed, or university within 50 miles of the military establishment within a county contiguous to Florida.
5. United States citizens living in the latitudes of Panama who have completed 12 consecutive months of college work at the Florida State University Panama Canal Branch, and their spouses and dependent children.
6. Full time instructional and administrative personnel employed by the State public school system, community colleges and institutions of higher education (and spouse/dependent children).
7. Students from Latin America and the Caribbean who receive scholarships from the federal or state government. The student must attend on a full-time basis, a Florida institution of higher education.
8. Southern Regional Education Board’s Academic Common Market graduate students attending Florida’s state universities.
9. Full-time employees of state agencies or political subdivisions of the state who are teaching a community college or state university within 50 miles of the military establishment.
10. McKnight Doctoral Fellows and Finalists who are United States citizens.
11. United States citizens living outside the United States who are teaching at a Department of Defense Dependents School or an American International School and who enroll in a graduate level education program which leads to a Florida teaching certificate.
12. Active duty members of the Canadian military residing or stationed in this state, under the North American Air Defense (NORAD) agreement, and their spouses and dependent children attending a public community college or university within 50 miles of the military establishment where they are stationed.
13. Active duty members of a foreign nation’s military who are serving as liaison officers and are not stationed in this state and their spouses and dependent children attending a community college or state university within 50 miles of the military establishment where the foreign liaison officer is stationed.
14. Qualified beneficiaries under the Florida Pre-Paid Postsecondary Expense Program. (Pre-Paid ID Card Required.)
15. Linkage Institute participants receiving partial or full exemptions.
The documentation necessary may be different for “dependent” and “independent” students. Dependent students normally use their parent/legal guardian’s documentation for residency, whereas independent students use their own documentation.

1. The student is 24 years of age or older by the first day of classes of the term for which residency status is sought at a Florida institution;
2. The student is married;
3. The student has children who receive more than half of their support from the student;
4. The student has other dependents who live with and receive more than half of their support from the student;
5. The student is a veteran of the United States Armed Forces or is currently serving on active duty in the United States Armed Forces for purposes other than training;
6. Both of the student’s parents are deceased, or the student is or was (until age 18) one of the following:
   (a) a ward/dependent of the court or
   (b) in foster care;
7. The student is determined an unaccompanied homeless by a school district homeless liaison, emergency shelter or transitional housing program;
8. The student is working on a master’s or doctoral degree during the term for which residency status is sought at a Florida institution.

Evidence that the student meets one of these criteria will be requested by the higher education institution.

**DETERMINE YOUR DEPENDENCY STATUS**

**Independent Student**
A student who PROVIDES EVIDENCE of any one of the following criteria shall be classified as an independent student for the determination of residency for tuition purposes:

- The student is 24 years of age or older by the first day of classes of the term for which residency status is sought at a Florida institution;
- The student is married;
- The student has children who receive more than half of their support from the student;
- The student has other dependents who live with and receive more than half of their support from the student;
- The student is a veteran of the United States Armed Forces or is currently serving on active duty in the United States Armed Forces for purposes other than training;
- Both of the student’s parents are deceased, or the student is or was (until age 18) one of the following:
  (a) a ward/dependent of the court or
  (b) in foster care;
- The student is determined an unaccompanied homeless by a school district homeless liaison, emergency shelter or transitional housing program;
- The student is working on a master’s or doctoral degree during the term for which residency status is sought at a Florida institution.

**Dependent Student**
All students who do not meet the definition of an independent student shall be classified as dependent students for the determination of residency for tuition purposes.

**Your parent/guardian is the claimant.**
For the dependent student, the parent or legal guardian is the “claimant” of residency.

Other Approved Processes for Documentation

For students in state custody, the Department of Juvenile Justice (DJJ) may facilitate residency determinations by providing the college or university with documentation evidencing parental or legal guardian residence in Florida for the qualifying period. Students who have tuition and fees waived or exempted according to the following sections of Florida Statutes shall be classified as Florida residents and shall not be required to submit additional residency documentation for tuition purposes for the duration of the exemption or waiver eligibility period:
• §1009.25(2)(c) and (d): Custody of Department of Children and Families, in the care of a relative or adopted from the Department of Children and Families,
