Program Information

About the Program
Palm Beach State College offers an Associate of Science degree in Radiography. It is a career oriented college-level program consisting of classroom, lab and clinical experiences. The mission of the Program is to graduate students with entry-level employment skills required of a Radiographer. The program has a 24 month, competency-based curriculum which includes practical experience in local hospitals and is designed to develop technical proficiency through extensive clinical exposure. The program is designed to begin in the Spring term each year, and requires a full-time commitment, 8 hours daily. The program is accredited by the Joint Review Committee on Education in Radiologic Technology (www.jrcert.org).

What are the duties of a Radiographer?
Registered Technologists (RTs) combine the high technology of diagnostic medical imaging with the skills of patient care to create x-ray image or radiograph. These radiographs are used by radiologists and/or physicians in detection, diagnosis and treatment of disease or injury. This is a profession that requires a dependable personality with a mature and caring nature. This occupation involves tasks of patient care and communication, heavy lifting and pushing, handling small objects and prolonged standing (8 hours+).

What is the job outlook?
Excellent! The demand for diagnostic imaging personnel is expected to increase sharply, according to the U.S. Department of Labor. Salary ranges for graduates of such programs vary by region. The registered technologist can expect to enter the job market at approximately $39,000-$57,000 annually, with increases based on experience and specialization, up to $68,000 or more, according to the 2010 ASRT Wage Survey.

What are the costs for the program?
Florida resident tuition costs $98.25 per credit hour and the program requires 77 credit hours. Total tuition costs for the program are approximately $7,565.25; however, tuition and fees are subject to change. Books, laboratory fees, uniforms, liability insurance, and professional association membership dues total approximately $800.00. Transportation considerations for attendance to clinical training typically range between $650 - $1,250. (Gas, oil, maintenance) Total approximate cost: $8,215.25 - $9,892.00.

After graduation from the program, how can I further my education?
Graduates of this program may choose to continue their education in the Palm Beach State College Bachelor in Applied Science degree in Supervision and Management. This degree provides you with the knowledge, skills and opportunity to pursue managerial-level positions in business administration, health administration or public safety administration. As a profession, Radiography emphasizes career development which leads to additional certification in CT (computerized tomography), MRI (magnetic resonance imaging), nuclear medicine, radiation therapy, sonography, mammography and vascular imaging. Palm Beach State offers programs in Sonography, CT, and MRI.

ALL APPLICANTS MUST ATTEND A MANDATORY OPEN HOUSE SESSION.
These sessions are held January through August, in Room LC120 of the Lewis Center or SC127 of the BioScience Complex from 1-2p.m. on the Palm Beach Gardens Campus. No appointment is necessary.

Requirements for Consideration for Selection

The following are required for eligibility in the selection pool. Meeting criteria for selection does not guarantee admission to the program. Final selection will be based on the applicant pool. If a student is selected and does not enter the program, or is not selected, the student must reapply and is not guaranteed acceptance in any subsequent selection process. PLEASE NOTE: All communication regarding your admissions status will be sent to your Palm Beach State student e-mail account. All documentation must be on file at the Palm Beach State college Admission Office by the application deadline date.

APPLICATION

First-time Palm Beach State Students: Submit a completed Palm Beach State general credit application at www.palmbeachstate.edu/admissions/admissions-applications.aspx and pay the appropriate fee by the deadline date. This one-time fee is $30 for U.S. citizens, $75 (U.S. currency) for international students and is non-refundable. Be sure to insert your current and active e-mail address where requested; be specific regarding your program of study. Once submitted, a confirmation page with conditions of admission will be sent to the e-mail address provided in the college application. Print the confirmation page and follow the instructions within. Applicants must also submit the program application contained in this packet and submit to the Admissions office.

Non first-time Palm Beach State Students: Must complete the program application in this packet and submit to the Admissions office.

Academic High School Diploma or GED
Transcripts must be official transcripts (transcripts are considered official if sent directly to the college from the previous institution or hand-delivered in a sealed envelope sealed by the issuing institution) to the Admissions Office showing proof of a standard high school diploma, GED, or validated foreign equivalent. All applicants - new, current and college transfer students must have their official high school or GED transcript on file at Palm Beach State College. You may download the transcript request form from our website at www.palmbeachstate.edu/admissions/transcript-request.aspx Students who received a Florida GED can request their scores using the downloaded form at www.palmbeachstate.edu/admissions/transcript-request.aspx

College Transcripts
Official college transcripts (transcripts are considered official if sent directly to the college from the previous institution or hand-delivered in a sealed envelope sealed by the issuing institution) from ALL post-secondary institutions attended must be submitted. You may download the transcript request form from our website at www.palmbeachstate.edu/admissions/transcript-request.aspx. If you have attended college, we still require proof of a standard high school diploma, GED or validated foreign equivalent. Commercial evaluation of out of country transcripts is required and must be sent from an approved evaluating institution directly to Palm Beach State College. Information for approved evaluators is available at www.palmbeachstate.edu/academicservices/information-and-reference/faculty-credentialing-tools/foreign-transcript-evaluators.aspx

Cumulative Grade Point Average
Cumulative grade point average (GPA) must be at least 2.0 in all previous college work attempted. The student must have at least 12 or more semester hours of college in order to use college GPA; otherwise, high school GPA will be used.

Placement Test Scores
Placement test scores must meet minimum requirements for entrance into college level English and Math courses or required remediation must have been successfully completed. Successful completion (C or higher) from an accredited college or university of a minimum of three (3) college credits for Math and for English courses may be used in lieu of placement scores for the eligibility. Placement scores must be less than (2) years old.

Selection
The following criteria are used for selection:

- Anatomy and Physiology I with Lab I – Submit documentation of successful completion of college level Anatomy and Physiology I and Lab (BSC2085 and BSC2085L, or equivalent lecture and lab) with a grade of C or higher.
- Cumulative grade point average (GPA) must be at least 2.0 in all previous college work.
- Placement test scores must be at college level (or remediation completed).
- Consideration will be given for prior degree, health care experience and/or completion of general education courses.
- Florida residents and previous Palm Beach State College students will also be given consideration in the selection process.
- Completion of Open House.
Financial Aid
Scholarships, grants and loans are available to qualifying students. Contact the Financial Aid Office for the appropriate forms at any Palm Beach State campus.

Acceptance
Your criteria for selection can be viewed at www.palmbeachstate.edu/pantherweb/default.aspx sign in and look under Limited Access Application Status and all communication will be sent to your my.palmbeachstate.edu email account including all acceptance documentation. Please note: Upon completion of the Palm Beach State College application process, students will receive notification of acceptance to the college, NOT to be confused with acceptance to the program.

Records
Any student falsifying application records will be subject to immediate dismissal without refund. All credentials submitted become the property of the college and cannot be returned to the student. Any student convicted of a felony must have the conviction reviewed by the ARRT prior to writing the Registry Exam. All students will be screened through the Florida Department of Law Enforcement.

Students who wish to be considered for transfer from another Radiography Program are required to contact the Department Chair directly. These students must originate at an accredited college and program and provide a letter documenting “good standing”.

Palm Beach State College does not discriminate on the basis of race, color, creed, ethnicity, national origin, gender, age, sexual orientation, marital or disability status in any of its educational programs or other programs and practices. Limited Access programs select student using a blind application pool and consider only the criteria outlined in each program’s additional application information. Applicants not accepted must reapply and submit another application fee if they wish to be considered for the subsequent class. There is no “waiting list”. Each class is selected from the new applicant pool available each year.

Students selected to the Program will be required to submit documentation of a complete physical exam, immunizations, drug screening and background check. Students are responsible for individual transportation to clinical education sites throughout Palm Beach County. Students attend clinic three days per week for the entire two year program. Students are also required to attend one “alternate shift” per month during the fourth through sixth semester.

Pregnancy Policy: Please note that for the safety and protection of prospective mothers, the Program has a “pregnancy policy” in place. This policy is outlined in the Radiography Program Handbook and generally describes measures taken to protect unborn children from the potential risks associated with exposure to radiation. See program faculty for details.

We require completion of the following course prior to beginning the program.
