

Academic & Class Meeting Calendar Process & Development

Process

1. The development of each Academic Calendar is begun in October, 3 years prior to the academic year of that calendar.
2. A draft of the Academic Calendar is sent to all faculty and staff for their review in input.
3. The Academic Calendar is reviewed and then placed on the District Board of Trustees agenda for approval, usually in January.
4. Final approval by the State comes in April of the same year as the fall term for that calendar.
