II. FYI Information

Curriculum Action Approved by VPAA

Revised Course Effective January 2013

FFP 1822 Emergency Management Systems, Principles and Practice (Change title to "Introduction to Emergency Management and Homeland Security")

Justification: This course title change will better fit the course learning outcomes and the industry standards and terminology within Transportation Security Administration training programs. Since the course would be offered Spring term, it was recommended that it be sent to the VPAA for emergency approval so that the course can be loaded correctly for Spring Term. Dr. Sass approved the action November 13, 2012.

Revised Program Requirements

Effective January 2013

Emergency Medical Technician (EMT-B) ATD B217

Required Cour	rses	Credits
EMS 1119	Emergency Medical Technician Basic (Lecture)	6
EMS 1119L	Emergency Medical Technician Basic Lab	3
EMS 1431	EMT-Basic Hospital and Field Experience	2
Total Program	r Credits	11

Action and Justification: This is the basic level, single semester course for Emergency Medical Services that feeds the Paramedic program and the Firefighter Program. This is a limited access enrollment process that currently is requiring the TABE test upon entrance. The TABE test is not a requirement for credit programs, only PSAV and it is incorrectly posted on the application. Florida statute does not require testing for this training program. This housekeeping action was discussed by Dr. Sass and Deans' Council and approved in October 2012.

Five Year Rule Courses-BOT Policy 6Hx-18-2.08 requires a review of courses that have not had enrollment in five years. This policy requires that these courses be inactivated at Palm Beach State and inactivated on the SCNS list of courses for Palm Beach State. The following courses fall under this criteria. Those courses included in programs offered at Palm Beach State must also have related curriculum actions to remove these courses from those programs.

Reactivate Courses Effective August 2013

MVB 2322R Music-Applied-Private Instruction French Horn S Prerequisite: MVB1312 R (Two semesters with a grade B or higher); Corequisites: MUS0010L and MUN1120 R, 16 lab contact hours)

2 MUN 1440R Percussion Ensemble (Prerequisite-Audition, 32 lab hours)

Revised Course Effective August 2013

MUT 1241L – Ear Training and Sightsinging 1(Change Co-requisites from "MUT1111 or equivalent and MVK1111 A or equivalent" to "MUT1111 or equivalent and MVK1111 A, MVK 1314R, or equivalent") 1

Justification- The items (and rationale) are as follows:

- MVB 2322R Music-Applied-Private Instruction French Horn S Reactivate- This is a sophomore level applied music course. Palm Beach State College has not had a sophomore level French horn student for several years, therefore it has become inactive. There is currently a French Horn student in her third semester of the freshman level course and should be advanced to the sophomore level course for next semester. This action was approved in Cluster Minutes 10/12/12 and new learning outcomes approved in email vote (11/6/12)
- MUN 1440R Percussion Ensemble Reactivate- Palm Beach State College offers small ensemble classes to give students more advanced skill training but working in an ensemble with only one player per part and no conductor. For example, currently MUN 1430R Brass Ensemble is offered. There are a number of percussion students at this time, and the Music Department would like to offer the same experience to percussion students as we currently offer to some other areas (Brass, Guitar, etc.) This action was approved (and new learning outcomes approved) in email cluster vote (11/6/12)
- MUT 1241L Ear Training and Sightsinging 1 Revision- Change Co-requisites from "MUT1111 or equivalent and MVK1111 A or equivalent" to "MUT1111 or equivalent and MVK1111 A, MVK 1314R, or equivalent" (added text highlighted). Music students whose principal instrument is piano do not take MVK 1111A (a beginning level group class). Instead, they take MVK 1314R, a more advanced level applied music course. Adding this course to the co-requisites (either MVK 1111A or MVK 1314R) will eliminate the need for overrides for these students and make the process more efficient. This action was approved in Cluster Minutes 10/12/12

Justification-EEC1003 – Introduction to School Age Child (AS) and EEC1603 – Positive Guidance and Behavior Management in School Age Child Care (AS) are electives to this program and upon review have not been offered in five years and so fall under the BOT Five Year Rule policy. Since there are no plans to offer these courses, this curriculum action is to remove these courses as electives from this program.

<u>Justification</u>: FIL2952 – Portfolio Preparation (AS), MUC2301 – Introduction to Electronic Music 1 (AA), MUM2600 – Recording Techniques 1 (AA), MUM2600L – Recording Techniques 1 Lab (AA) have not had enrollment in over five years and fall under the BOT Five Year Rule that requires they be inactivated if there are no plans to offer them. The department has approved inactivating them. This action is to remove them as elective courses for the Motion Picture Production Technology AS degree.

Revised Course Effective August 2013

AER0692 Automotive Electrical and Electronic Systems 2 (Change AER0599 from prerequisite to corequisite. VPI course coreqs remain the same.)

Justification: Program review of student success has showed that AER0599 should no longer be considered a pre-req. A co-req for financial aid reasons is sufficient.

BCA0115 R Bricklayer Apprenticeship Co-op 5 (Third Year) (PSAV)	475
BCA0115 R Bricklayer Apprenticeship Co-op 6 (Third Year-Summer) (PSA	(V) 350

Justification: The Bricklayer program will no longer be offered due to lack of interest in the program. No students have attended within the past two years. The fact that past students have either moved to another program or completely dropped from the trade shows no students registered therefore there is no need to continue offering these courses for completion. There are no plans to offer this program in the future as of now.

This action was promoted by the discovery that all eight courses in the program have not been offered in five years and fall under the BOT Five Year Rule requiring these courses to be inactivated at Palm Beach State and at SCNS.
