

CLUSTER MINUTES
Tuesday, October 9, 2012
1:15 – 1:50 p.m.
Lake Worth Campus
BA 308

ITEM 1. Election of Cluster Chair

Discussion: Elizabeth I. Horvath was nominated and seconded to be the chair.

Data/data source: (where appropriate)

Action: Unanimous approval

ITEM 2. Change pre-requisite of CTS 1650 Cisco 1

Discussion: Perhaps change to CNT 2000 Network Technology with a C or above.

Data/data source: Many students who only completed CTS 1150 Computer Maintenance and Repair did not have sufficient skills to be successful in the class. It was recommended that the pre-requisite be changed to CNT 2000 Network Technology with a B or above. Ali Fazelpour also mentioned that Cisco Network Academy is trying to work on maintaining the integrity of the tests. He always gives his test in a proctored environment. Priority in registering should be given to those students who are pursuing the Cisco CCNA CCC or Network Administration AS degree.

Action: Unanimous approval

ITEM 3. Action Plan for Business Partnership Council meeting

Discussion: Recruit more members; determine where the jobs are; research offering classes in programming mobile applications.

Data/data source: (where appropriate)

Action:

OTHER. Virtualization of servers for networking classes

Discussion: Rather than having removable drives, perhaps several powerful servers could be used. This would allow other classrooms to be utilized rather than the single room we currently have.

Data/data source: (where appropriate)

Action: Research pricing for hardware and software; perhaps test out for one class.

Attendance:
