

[CLUSTER/COMMITTEE] MEETING MINUTES

[Health cluster Subgroup]

Tuesday, March 19, 2013

1:00 pm-4:00pm

Lake Worth Campus, DH 105

ITEM 1. Food Science and Nutrition program proposal

Discussion: Dr. Judith Sharlin presented a food science program proposal to the entire cluster and there was general discussion about the proposal. Everyone present voted unanimously to accept the program proposal.

Action: The proposal, upon approval of the Provost, will go to the curriculum committee.

ITEM 2. Textbook

Discussion: We discussed the pros and cons of the textbook we are using and ideas about switching textbooks. Considerations such as cost and online adaptation were discussed. Professor Boone agreed to contact the other textbook representative to get a quote on costs.

Action: We are not certain if we are going to change textbooks or not until we get all the information from the publishers.

Item 3. Outcomes for Natural Science

Discussion: We helped to choose the broad outcomes for natural science.

Action: We developed outcomes. We chose the nutrition outcome that we will use for gen ed testing. Discussion will continue at next cluster meeting.

Attendance:

Judith Sharlin

Jeanne Boone

Trish Froehlich

Barbara Goldman
