### **ITEM 1. Combined Tutor Training**

Discussion: Mike Roth congratulated the SLC team, especially those at the Boca Campus, for organizing another successful combined tutor training. Elizabeth Caulfield expressed her appreciation for everyone's efforts.

Data/data source:

Action: The next combined tutor training will be held in Palm Beach Gardens in fall of 2014.

### **ITEM 2. SLC Website**

Discussion: Dana Hamadeh presented the SLC website to the cluster as it now appears. There was some question as to whether there are any dead links now that the college has moved away from the ingenuix CMS. A question of whether Facebook pages should be centralized into one SLC page, or whether campuses should make their own pages also was considered.

Data/data source:

Action: Some dead links will need to be removed or updated. More Facebook pages will be created for individual campuses.
