#### **Stand Alone PSAV Course Actions**

POO0200	LE Review	This course repeatedly appeared on the SCNS Term Reporting
		Error Report since it was an old standalone PSAV program
		not tied to a program. SCNS recommended changing the
		course number to CJK0990 which would not be picked up on
		the Error Report effective 20162.

**Five Year Rule Courses:** BOT Policy 6Hx-18-2.08 requires a review of courses that have not had enrollment in five years. This policy requires that these courses be inactivated at Palm Beach State and inactivated on the SCNS list of courses for Palm Beach State. The following courses fall under this criteria. Those courses included in programs offered at Palm Beach State must also have related curriculum actions to remove the courses from those programs.

#### **VPAA Actions**

<u>Aeronautical Science</u>-Due to a Veteran Affairs Benefits Audit of the Aeronautical Science AS degrees and Professional Pilot Credit certificates, on May 12, 2015 the required revisions of the programs' course offerings to comply with the switch from FAA Part 61 to Part 141 regulations for flight courses were approved. (See attached Addendum)

- In order to continue offering the programs at the College, this change was effective May 2015 (20153).
- ATF Flight courses were updated in the Course Dictionary and a catalog addendum was created and "THIS PROGRAM IS SUSPENDED AND IS NO LONGER ACCEPTING NEW STUDENTS" was noted in the 2015-2016 Online Catalog.

- Subsequently, Executive Leadership Council voted to suspend the Helicopter AS Concentration and the Professional Pilot Credit Certification-Helicopter Concentration effective Summer (20153). This information was added to the 2015-2016 Online Catalog and a teach-out plan was requested.
- On September 14, 2015 Financial Aid determined that the best way to resolve ongoing financial aid issues for students in the program would be to remove the controlled access program code limitation on the 24 ATF courses in the AS and CCC. The solution also included adding a special designator on ATF1602C, ATF1111 A, ATF112 A, ATF1140 A and ATF1142 A to control student enrollment.
- On September 14, 2015 the program determined that ATF2400CA Commercial Pilot Multi-Engine Flight Airplanes (3) needed to be reactivated. It had been put on hold during the VA changes. It needed to be offered Fall Term to assist students graduating from the AS program.

ENC1121/ENC1122- In a recent analysis of our course numbers, the state course numbering system office has told us PBSC needs to start using only the ENC1101 and ENC1102 (with a special designation for Honors Section) for all College Composition courses to be in compliance with the state approved numbers for the common core of general education. The old Honors courses were inactivated effective August 2015 (20161). Students who need to re-enroll for forgiveness purposes, will be advised on a case to case basis.

<u>MVW1312 R</u> Music-Applied-Private Instruction Oboe Sect F Department Chair Michael McMullen asked that this course that was inactivated for Five Year Rule in 2014 be reactivated for an incoming freshman Music student whose applied instrument is OBOE. Since there were no changes to the course from its original 2008 configuration and learning outcomes, This reactivation was approved for the 12 week term.

<u>Sugar Technology</u> –On May 19, 2015, Due to continued low enrollment the statement adding "THIS PROGRAM IS SUSPENDED AND IS NO LONGER ACCEPTING NEW STUDENTS" to the Sugar Technology AS degree (2243) was approved. A teach-out plan was requested.

The statement "THIS PROGRAM IS SUSPENDED AND IS NO LONGER ACCEPTING NEW STUDENTS" was added to the 2015-2016 Online College Catalog. programs are in other programs, so there is no needed curriculum action on the program courses.
