### NSU Program Objectives

All undergraduate teacher education programs at NSU are proactive programs designed to address the current and future needs of classroom educators. It is the aim of the NSU's Fischler School of Education and Human Services to prepare its graduates to enter the teaching profession as developing professionals who are:

- sensitive to students' academic, social and emotional needs
- knowledgeable about effective teaching practices and technologies
- responsive to the diverse needs of all students (particularly those of at-risk and special-needs learners)
- supportive of families and community involvements
- effective communicators, and
- thoughtful and reflective educators.

Through specific course assignments and clinical field experiences in local schools and/or special settings and partnerships, all NSU Fischler School of Education and Human Services undergraduate teacher programs provide students multiple opportunities to develop mastery of the competencies identified by the Florida Department of Education for high quality teacher education programs.

NSU's Fischler School of Education and Human Services offers Florida Department of Education approved programs that meet the requirements for initial certification in the state of Florida.

- PBCC transfer students will attend classes at the conveniently located NSU Student Educational Center in Palm Beach at 3970 RCA Blvd., Ste. 7000 Palm Beach Gardens, FL 33410 or the main campus located in Fort Lauderdale, FL or any NSU Student Educational Centers.

### **Program Management and Reporting**

To assure the admission and academic success of participating students, NSU and PBCC agree to develop, maintain and continuously improve a program management and reporting system

- accept courses taken at PBCC in which students received a grade of "C" or higher. A limited number of courses with "D" grades may be transferred as determined by NSU.
- assess the agreement every three years in collaboration with participating faculty, advisers and students to continuously improve the program.

***Each institution will:***

- appoint an agreement coordinator to coordinate activities, monitor student progress and evaluate and improve the program.
- publicize and update information regarding the transfer agreement.
