

Nutrition Cluster MEETING MINUTES

January 4, 2017

1-2pm

On-line (email)

ITEM #1. Health science major pathway

Discussion: We discussed the proposed idea of a “health sciences major pathway.” This guided pathway could include nutrition (HUN 1201), anatomy, physiology and chemistry, etc. to lead to a BS degree.

Data/data source: health/nutrition cluster

Action: We will continue discussion on the health sciences major pathway at our next cluster meeting.

ITEM #2 Peer-mentoring programs

Discussion: We discussed our disappointment with the cancellation of the Blackboard peer mentoring program. We would like to see reinstatement of this program and other peer-mentoring programs with release time.

Data/data source: email

Action: We will discuss this further and make possible recommendations in the next 2017 cluster meeting

ITEM #3 Nutrition Textbook policy

Discussion: We discussed our nutrition textbook policy

Data/data source: Whitney/Rolfes, Understanding Nutrition (14th edition, 2016)

Action: We will discuss policy and textbook selection at the next cluster meeting

Attendance:

Jeanne Boone
Trish Froehlich
Barbara Goldman
Judith Sharlin

Submitted by:

Dr. Judith Sharlin

Chair, Nutrition cluster
