

**PHYSICS CLUSTER MINUTES**  
**Monday, Jan. 4, 2016 9:00-9:30 AM**  
**Lake Worth Campus Room NS 124**

---

**ITEM I. Hold beginning of spring semester cluster meeting remotely**

**Discussion:** Cluster members suggested that, in the future, the start of the spring semester physics cluster meeting, should be held remotely online or via teleconferencing. This is due to the fact that there is usually very little business to be discussed at the beginning of the spring semester.

**Action:** The cluster members in attendance voted to explore the possibility of changing the beginning of the spring semester physics cluster meeting to a remote, teleconference format. The vote passed unanimously. This suggestion will be passed on to Associate Dean Ramos for his input and recommendations. And, this will be discussed again by the entire cluster during the spring development day meetings on March 24, 2016.

**Attendance:** Oleg Andric, Lilian Jordan, Jang Young Bang, Marie Grasso, Roxana Melendez, Jerry O'Brien
