4. Select the term that you want to find books. Please note that if you are taking classes during multiple terms (12 week, express), you will need to repeat these steps for each term. Then select "Purchase All Materials."

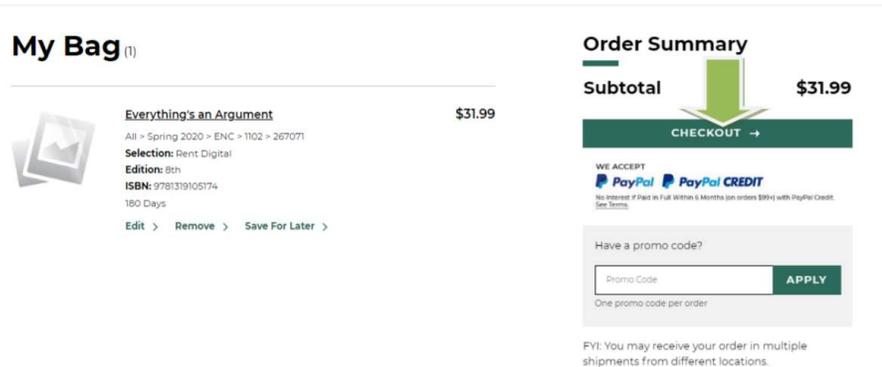

5. This will take you directly to the bookstore's website to show you the required materials and allow you to populate your cart and place your order. If there are choices (*rent, digital, buy new, buy used), it will be shown. You will also see an option on this page that allows you to print a book list. This book list may be helpful if you are shopping at the store in person.

- If you have classes on multiple campuses, they will be separate, and you will have multiple shopping bags when you check out.

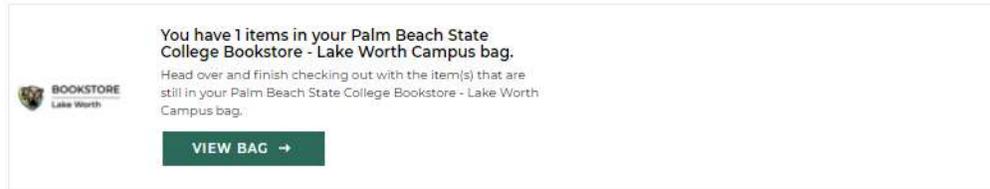

- When you go to your Bag, you will see the items you chose. As long as everything is correct, click green "Checkout" button.

- It is possible that you will have items at multiple stores when checking out. Each campus has its own online store. You may see a message at the bottom of your screen that says "Your Other Bags." Make sure to complete the following check out process for each campus.

Your Other Bags

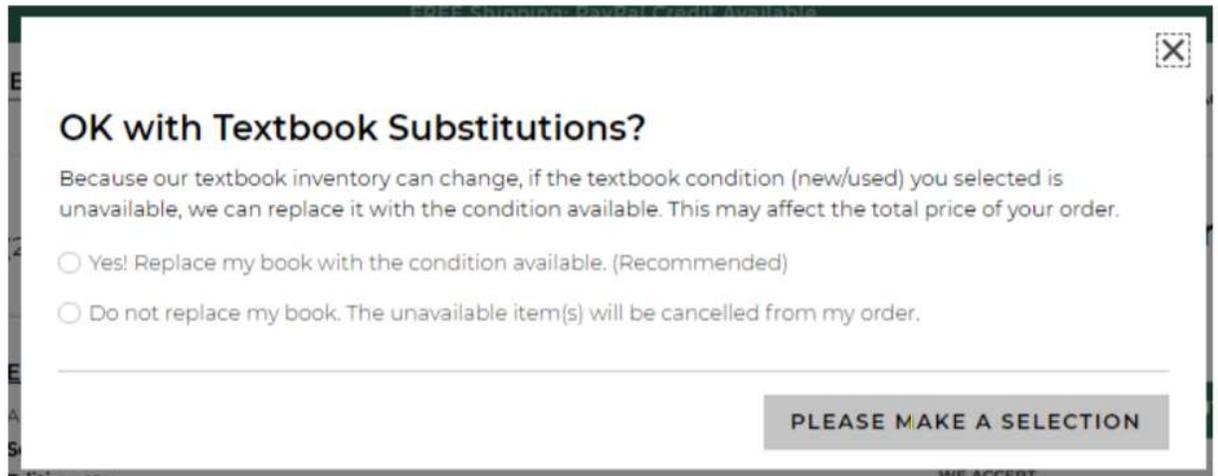

You have 1 items in your Palm Beach State College Bookstore - Lake Worth Campus bag.

9. You will be asked if you would like to bookstore staff to fulfill your order with a different book condition if necessary. This means, if you chose “used” but the bookstore only has “new” left, we can change your order. If you choose no, the unavailable items will be cancelled, and you will need to place a new order for the unavailable items.

OK with Textbook Substitutions?

Because our textbook inventory can change, if the textbook condition (new/used) you selected is unavailable, we can replace it with the condition available. This may affect the total price of your order.

Yes! Replace my book with the condition available. (Recommended)

Do not replace my book. The unavailable item(s) will be cancelled from my order.
