ITEM 3. NIMS Re-Accreditation-

1. Will be submitting self-study this week and will need all advisory committee paperwork in; will be happy to schedule a pickup of the packet or complete today if you haven’t already done so.
2. May contact your company to ask questions regarding business and employment opportunities within your company.

ITEM 4. State of Florida Machining Curriculum Changes

1. Every three years, there is a review of state curriculum, in front of you, you have the curriculum being review this year. Please briefly review the items and if you see something you think should be changed, added or removed, please let me know.

ITEM 5. Safety Walk-Through and Checklist-

1. For NIMS, a safety checklist needs to be complete and would like to ask everyone present for their input on the safety of our lab. You will find the safety checklist present.

ITEM 6. Open Discussion-
Kathy Bonner discussed the 1 cent sales tax initiative to assist with a pipeline for skilled workers. Career Source is having an open house April 12, 13, and 26 at the various tech school in the county to showcase students who went through the pre-apprenticeship program and are ready to get hired. She also needs employers in industry to write letters of support in order apply for a grant for trade in construction and am tasking employers for support.
