Solo Officer Active Shooter Response and Deadly Force in Crowded Situations

A challenging course introducing officers to the combat concepts and strategies for combating an active shooter in progress. Officers will put their Tactics, Marksmanship and Mindset to the test in Force-on-Force scenarios using Simunitions and professional role players.

Criminal Justice Institute
Lake Worth Campus

No-Fee Region XII: Non-Region Fee: TBD

Class Duration: 16 Hrs. DATES: March 17,18 2020 8:00 AM to 5:00

Force on Force training utilizing Simunitions affords officers the most realistic experience one can have in a training environment. LEOs will quickly learn how both movement and unpredictable crowds greatly affect the outcomes of a dynamic situation. By the end of the day officers will be better equipped to manage and improve the outcomes of such incidents by de-escalation. Officers and the public they serve, will be safer following this training. Take-Aways:

- Enhance officer understanding of the psychology of the active shooter.
- Teach officers how to use proven strategies and TTP for intervention, engagement and threat domination.
- Better prepare each officer with the skills and mindset for a deadly force encounter with a worthy adversary in a crowd of innocents.
- We create the most realistic and challenging deadly force encounters an officer may face while in the performance of duties.
- Officers will be exposed to their limits and their potential through high stress decision making.
- Various real-life scenarios to test officers’ reactions to use of force. (open space, around a parking lot, in a store or restaurant)

Day One: Live Fire: Day Two: Scenario Based Training with Role Players

WHAT TO BRING:
- Eye Protection
- Ear protection
- Full face protection/Duty Vest
- Full Duty Belt/Tactical Gear/Off Duty Carry: 350 rounds per shooter of frangible and simunitions
- AR15 Platform if available to officers

- Note: When Transporting your Weapon: ie: Rifle/Pistol: Please have it Cased or Holstered when exiting your car and on campus
