B. VPAA Action

E-Vote Process

Christi White proposed a streamlined e-vote process to Dr. Yohe (VPAA). Dr. Yohe approved. The streamlined e-vote process will be as follows:

1. During the fall and spring, when the curriculum committee meets, the committee may suggest an e-vote on an item that was not 100% ready at the meeting (needed pre or corequisite cleanup, test scores missing, etc.). In these instances, the Academic Curriculum Coordinator (Coordinator) will conduct the e-vote and document the results in the following meeting Minutes and online.
2. If an e-vote request is made over summer, and it is a state-mandated or an accreditation agency mandates a change, the Coordinator would request permission to send out the e-vote. If an e-vote request is made over summer, and it is not a state mandated or an accreditation mandated change, the Coordinator will request the approval of the VPAA before sending the e-vote. Upon receiving the VPAA's approval, the Coordinator will conduct the e-vote and document the results in meeting Minutes distributed to all – users and online.

C. Minutes Correction

1. **3-28-2019 – IV.E.2.** – ETS 2411C course title should read change in course title from:
