

Hello,

It came to our attention post curriculum committee that the automotive and diesel courses needed additional revisions that were not caught prior to the meeting. All the “C” (Combination- Lecture/Lab) indicators had to be removed from all “C” courses. Clock hour programs are not set up in this fashion as credit programs are and Workday inhibits this input. All program hours remain the same and have been cross-checked multiple times by multiple people (supporting data attached). To ensure the original 1800-hour programs can be thoroughly taught-out, the revised courses became new courses and 3 courses were assigned new numbers. This ensures that there is no overlap between the old and new programs as the clock hours in the courses are different. The 1800-hour program codes were removed (5457A and 5458A) from the courses.

The highlighted areas below show the major changes for the course.

Out of an abundance of caution, we would like to take an e-vote to ensure shared governance. We respectfully request your vote on the following curricular changes post curriculum-committee vote.

Please contact Christi White if you have any questions.

(D.1.) Diesel New Courses:

AER0033 Employability Skills – remove 5451 program code; remove medical accident insurance

DIM0320 Diesel Electrical and Electronics Technician – add 5452 program code

DIM0151 Diesel Preventative Maintenance Technician – change hours from 60 to 90 clock hours

DIM0611 Diesel Heating, Ventilation and Air Conditioning Technician – change hours from 90 to 60 clock hours

DIM0501 Diesel Steering and Suspension – add 5452 program code; remove prerequisite DIM0111L

DIM0200 Diesel Drivetrain Systems – change hours from 90 to 100; add medical accident insurance (this is an “OR” course for a 100 clock hour course)

DIM0400 Diesel Hydraulics Technician – add medical accident insurance

DIM0210 Diesel Powertrain Systems – add medical accident insurance

DIM0111L Truck Technician Lab 1 – change hours from 90 to 100 clock hours; change prerequisite from DIM0302 to DIM0321 with a grade of C or higher

DIM0940L Diesel Work-based Learning Practice – change prerequisite to DIM0111L, DIM0611 and DIM0400 all with a grade of C or higher; add medical accident insurance and liability

(D.2.) Revised Courses Diesel are now **New Courses Diesel**:

DIM0010 Diesel Engine Mechanic /Technician Helper – add prerequisite AER0033 with a grade of C or higher

DIM0132 Diesel Brake Systems – remove program code 5457A

DIM0150 Diesel Engine Technician – change prerequisite from DIM0302 to DIM0320 with a grade of C or higher; remove program code 5457A

DIM0321 Diesel Engine Performance – change prerequisite DIM0320 to DIM0150 with a grade of C or higher; remove program code 5457A

DIM0156 Diesel Engine Electronics – change course number from DIM0154 to DIM0156; add prerequisite DIM0320 with a grade of C or higher

DIM0157 Diesel Maintenance and Service Technician – change course number from DIM0155 to DIM0157; remove prerequisite of DIM0154 with a grade of C or higher.

(D.3.) Automotive New Courses:

AER0001 Introduction to Automotive Industry, Safety, and Tools – no change

AER0270 Fundamentals of Drivetrain Systems – no change

AER0170 Heating and Air Conditioning – no change

AER0250 Automatic Transmissions – no change

AER0271 Manual Drivetrain and Axles – Added limit to access code 5463

AER0830 Engine Performance 1 – no change

AER0851 Engine Performance 2 – no change

AER0940L Automotive Work-based Learning Practice – added prerequisites AER0271, AER0603 and AER0851 all with a C or higher

(D.4) Revised Courses Automotive are now **New Courses Automotive**:

AER0012 Fundamentals of Automotive Services – Remove program code 5458A

AER0601 Electrical and Electronic Systems 1– Add prerequisite AER0001 with a grade of C or higher; remove program code 5458A

AER0603 Electrical and Electronics 2 – Change prerequisite from AER0691 to AER0601 with a grade of C or higher; remove program code 5451 and 5458A

AER0196 Engine Repair – Course number change from AER0199 to AER0196; prerequisite change from AER0603 to AER0601; remove program code 5458A

AER0451 Steering, Suspension and Alignment – Remove prerequisite; remove program code 5458A

AER0410 Brake Systems – Remove prerequisite; remove program code 5458A
