

Palm Beach State College Foundation Scholarships (9/28/11)

The door to higher education is open to students attending Palm Beach State College. The Foundation's goal is to help students overcome this obstacle through its scholarship program. Generous individuals, businesses and organizations in the community have made donations to benefit students in many programs. Below is a listing of the annual and endowed named scholarships.

To be considered for Fall/Spring Term Scholarships, students must complete the Foundation Scholarship Application via the on-line scholarship process. The on-line scholarship process enables the Foundation to utilize a general scholarship application which allows the student to apply for all the Foundation scholarships with a single completed application.

In order to qualify for a Foundation Scholarship, the student must be completing their first AA, AS, AAS, ATC, ATD, CCC or PSAV degree. Beginning in the Fall 2011/12 school year, the Foundation will have limited scholarship funding available to students in the BAS Programs.

Foundation Scholarship applications are available prior to the start of Fall Term and through the drop/add period. The majority of scholarships are awarded for the Fall/Spring Terms. If funding is available, we will open the application again prior to the start of the Spring and Summer Terms.

By completing the scholarship application, you will be considered for all the scholarships for which you qualify for based on the donor criteria. Students are only awarded one foundation scholarship per term. The Foundation Scholarship website is updated periodically with notices regarding upcoming scholarship opportunities and interim status reports of scholarship awarding.

The majority of foundation scholarships require students to complete the 2011-12 Free Application for Federal Student Aid (FAFSA) and have financial need. We recommend that students complete a FAFSA online at [FAFSA on the Web](#).
