We're pleased to be your partner in maintaining great oral health. The Delta Dental PPO* plan makes it easy for you to find a dentist, and easy to control your costs when you visit a network dentist. Here are some of the great things you'll need to know about enrolling with Delta Dental:

- **Save money with a Delta Dental PPO dentist.** Our PPO network dentists accept reduced fees for covered services they provide you, so you'll usually pay the least when you visit a PPO network dentist. This also ensures Delta Dental dentists won't balance bill you the difference between the contracted amount and their usual fee.
- **Visit the dentist of your choice.** Want to visit a non-Delta Dental dentist? No problem. You can visit any licensed dentist, but your costs are usually lowest when you see a PPO dentist.
- **Many network dentists to choose from.** Since Delta Dental offers access to some of the largest dentist networks in the U.S., chances are there's a wide choice of network dentists near your home or office. Four out of five dentists nationwide are contracted Delta Dental dentists, giving more enrollees convenient access to more dentists. Visit us at deltadentalins.com to search our dentist directory by location or specialty.
- **Easy to use your benefits.** When you visit a Delta Dental dentist, pay only your portion for services. Delta Dental dentists will file claim forms for you and receive payment directly from us. Many non-Delta Dental dentists ask that you pay the entire cost up front and wait for reimbursement.
- **Delta Dental's Online Services make getting information quick and easy.** Access your benefits and eligibility, print ID cards and get information about your claims. And check out Delta Dental's oral health resources for tips and information that can help keep your smile healthy.

*In Texas, Delta Dental Insurance Company offers a Dental Provider Organization (DPO) plan.

Delta Dental PPOSM — Getting the most from your plan

We'll do whatever it takes and then some.

With PPO there are no claim forms to submit.

No paperwork.
No hassle.

Save money with a Delta Dental PPO dentist

Although you can visit any dentist, you'll usually pay less when you visit a Delta Dental PPO dentist.

- PPO dentists agree to accept Delta Dental contracted fees as full payment.
- Your share of the bill will likely be lower than when you visit a non-Delta Dental dentist.

Find a Delta Dental PPO dentist

Delta Dental PPO, our preferred provider organization (PPO) plan,* provides access to the largest network of its kind nationwide.

Your out-of-pocket costs are usually lowest when you visit a PPO dentist.

To find the most current listing of our network dental offices:

- Visit our website and click on "Find a Dentist" on our home page.
- Select "Delta Dental PPO" as your plan network.

Is your dentist a Delta Dental PPO dentist?

We recommend that you verify your current dentist's participation in the Delta Dental PPO network. Simply asking if a dentist "accepts Delta Dental" does not guarantee he or she is a PPO dentist.

- Ask specifically if he or she is a contracted Delta Dental PPO dentist.
- You should verify your dentist's participation before each dental appointment.

Maximum choice

The Delta Dental Premier[®] network — our larger network consisting of nearly 80 percent of dentists nationwide — provides cost-saving features and is the next best option if you can't find a PPO dentist. You can find a Premier dentist using our online dentist directory.

- Premier dentists' contracted fees are usually somewhat higher than PPO dentists' contracted fees.
- Premier dentists will not bill you above their contracted fees, so you still receive cost protections not available with a non-Delta Dental dentist.**

* In Texas, Delta Dental Insurance Company offers a Dental Provider Organization (DPO) plan.

** Please review your Evidence of Coverage, Summary Plan Description or Group Dental Service Contract for specific details about your plan's dentist network.

Easy to use

- No ID card is required to receive services; simply provide the dental office with your name, date of birth and social security or enrollee ID number.
- No claim forms to file — Delta Dental dentists file claim forms for you and accept payment directly from Delta Dental.
- After a claim has been processed, you will receive a dental benefits statement from Delta Dental. This document lists the services provided, the costs of the dental treatment and the amount of any fees you owe your dentist.

Dual coverage/Coordination of benefits

If your spouse has coverage with another dental plan, you or your family members may be covered by both dental plans.*

- The two plans will likely coordinate benefits to potentially lower your out-of-pocket costs.
- Ask your dentist to submit the other plan's Explanation of Benefits with the Delta Dental claim form and we'll take it from there.

Orthodontic treatment in progress

If your Delta Dental plan includes orthodontic benefits, payment for orthodontic treatment in progress depends on the specific provisions of your plan. Typically, treatment in progress is covered and Delta Dental begins paying during the first eligible month. Under some plans, however, you may not be eligible for work in progress or you may lose eligibility if your coverage has lapsed for more than 30 or 60 days.

Transitioning from another plan?

Delta Dental covers treatment started and completed after your plan's effective date of coverage. If you have any dental treatment in progress when your coverage begins — such as root canals, crowns and bridgework — those expenses are not covered by Delta Dental. Those costs may either be your responsibility or that of your previous dental carrier.

*Group-specific exceptions may apply. Please review your Evidence of Coverage, Summary Plan Description or Group Dental Service Contract for specific details about your plan's coordination of benefits, including rules for determining primary and secondary coverage.
