

*Center leaders collaborate on training delivery to support staff development.*

To make the delivery of in-service training easy for our Center Leaders, the Institute has developed training manuals and an online course for support.

Topics align with Palm Beach County initiatives that lead to **positive child outcomes**.

The Institute's library offers many topics from which to choose. Manuals are easy to borrow; trainings are easy to deliver.

*"Training in the Box is great! As a director, it has given me the opportunity to provide convenient and relevant trainings that keep my teachers motivated."*

**Kathleen Winger, Director  
Aplesseed Preschool**

Your education matters!

Are you looking to improve staff performance, present new ideas, and share best practices? **Center Trainer Manuals** are an easy- to-use format to meet your needs. These training sessions provide practitioners with knowledge and skills that **support child outcomes** and offer an avenue to meet the 10-hour state licensing professional development requirement. Presentation skills are made easy through our **Foundations of Outcomes Driven Training** course.

**Easy to use**  
**Outcomes driven**

## Everything at your fingertips!

*Free to borrow for all PBC Center Leaders!*

- ◆ The 2- to 3-hour scripted **lesson** saves time.
- ◆ **PowerPoint** presentation makes facilitation easy.
- ◆ **Handouts** extend the learning.
- ◆ **Tips and Strategies** support powerful training delivery.
- ◆ **Assessments** evaluate results.
