#### Have You Heard of T.E.A.C.H. Scholarship?

As one of the several scholarship supports available in Palm Beach County, the Florida Teacher Education and Compensation Helps Early Childhood Scholarship Program, also known as T.E.A.C.H., provides scholarship funds to Early Childhood practitioners and directors. The scholarship funds are awarded to individuals who want to progress along the career pathway, and earn an Associate's degree or a related credential in Early Childhood Education. The T.E.A.C.H. Scholarship supports funding for most tuition, books, internet access and travel expenses. In addition, reimbursement is provided to early childhood education programs for release time of employees that participate in professional development opportunities.

Funded by the Florida Office of Early Learning, and managed by the Florida Children's Forum, T.E.A.C.H. Scholarship has awarded over 22,000 scholarships since 1998.
