Course Description:

**COURSE OVERVIEW:** The "Women Who Influence and Transition the Workplace" workshop: is a powerful and highly engaging two (2) day seminar customized specifically for women, (sworn and civilian), in all supervisory, command and executive positions of leadership within law enforcement, corrections, fire services, and all other public safety entities. Being a woman in authority within a profession that has been traditionally male dominated comes with its own set of unique challenges and demands. In this class, we will have very intentional deep dive discussions that will push the participant to confront and objectively assess the challenges they will face as a female leader. The goal is to equip them with practical strategies and uncommon wisdom that will help them be successful.
