About the Program
Palm Beach State College offers an Associate of Science degree in Sonography and a four semester College Credit Certificate. It is a career oriented college-level program consisting of classroom, lab and clinical experience. The mission of the Program is to graduate students with entry level employment skills required of a Sonographer. Two tracks of completion are available for the Sonography Program. The program has a 14 month, competency based curriculum which includes practical experience in local hospitals and is designed to develop technical proficiency through extensive clinical exposure. The program is designed to begin in the fall term each year, and requires a full-time commitment. Those seeking an Associate degree may take the general education courses before the core courses.

What are the duties of a Sonographer?
A Diagnostic Medical Sonographer uses creativity and advanced technological ultrasound equipment to produce images of the body. Sonographers use high frequency sound waves to demonstrate body parts and assist the physician in the diagnosis of medical abnormalities. The sonographer must have an exceptional understanding of human anatomy and an artistic, creative self-directed approach for locating and demonstrating anatomy and pathology.

What is the job outlook?
Excellent. The demand for diagnostic imaging personnel is expected to increase sharply, according to the U.S. Department of Labor. Salary ranges for graduates of such programs vary by region. The median annual wage of diagnostic medical sonographers was $66,360 in May 2012. The middle 50 percent of sonographers earned wages between $54,260 and $76,890 a year. The lowest 10 percent earned less than $44,990, and the highest 10 percent earned more than $91,070. Median annual wages of diagnostic medical sonographers in May 2012 were $66,900 in offices of physicians and $66,390 in general medical and surgical hospitals.

What are the costs for the program?
Florida resident tuition costs $101.00 per credit hour and the program requires 77 credit hours. Total tuition costs for the program are approximately $7,770.00. Books, laboratory fees, uniforms, liability insurance, and professional association membership dues total approximately $950.00. Transportation considerations for attendance to clinical training typically ranges between $750 - $1,250 (Gas, oil, maint.) Total cost: $8,774 - $9,274. The Certificate program would be about $2,400.00 less.

After graduation from the program, how can I further my education?
As a profession, Sonography emphasizes career development which leads to many additional ARDMS certifications. For further information see the American Registry of Diagnostic Medical Sonographers website at http://ardms.org.

Financial Aid
Direct scholarships, grants and loans are available to qualifying students. Contact the Financial Aid Office for the appropriate forms at any Palm Beach State campus.
Requirements for Consideration for Selection

The following are required for eligibility in the selection pool. Meeting criteria for selection does not guarantee admission to the program. Final selection will be based on the applicant pool. If a student is selected and does not enter the program, or is not selected, the student must reapply and is not guaranteed acceptance in any subsequent selection process. PLEASE NOTE: All communication regarding your admissions status will be sent to your Palm Beach State student e-mail account.

All documentation must be on file at the Palm Beach State College Admissions Office by the application deadline date.

APPLICATION

First-time Palm Beach State Students: Submit a completed Palm Beach State general application at www.palmbeachstate.edu/admissions/ and pay the appropriate fee. This one-time fee is $40 for U.S. citizens, $75 (U.S. currency) for international students and is non-refundable. Be sure to insert your current and active e-mail address where requested. In addition, applicants must submit a Palm Beach State Sonography program application along with payment or a paid receipt for an additional non-refundable processing fee of $20 required with each program application.

Non first-time Palm Beach State Students: There is a $20 non-refundable processing fee due with each Sonography program application. Submit payment or a paid receipt for this processing fee along with a program application to the Admissions Office.

Academic High School Diploma or GED
Official transcripts must be submitted to the Admissions Office proving a standard high school diploma, GED, or validated foreign equivalent. Transcripts are considered official if sent directly to Palm Beach State College from the previous institution or be hand-delivered in a sealed envelope sealed by the issuing institution. The high school transcript may be waived for admissions purposes if a student has earned an Associate, Bachelor, or higher degree from a regionally accredited institution. You may download the transcript request form from our website at www.palmbeachstate.edu/admissions/transcript-request.aspx. Students who receive a Florida GED can request their scores using the downloaded form at www.palmbeachstate.edu/admissions/transcript-request.aspx.

College Transcripts
Official college transcripts (transcripts are considered official if sent directly to Palm Beach State from the previous institution or be hand-delivered in a sealed envelope sealed by the issuing institution) from ALL post-secondary institutions attended must be submitted. You may download the transcript request form from our website at www.palmbeachstate.edu/admissions/transcript-request.aspx. All post-secondary records from out of the country must be submitted with a commercial evaluation. The high school transcript may be waived for admissions purposes if a student has earned an Associate, Bachelor, or higher degree from a regionally accredited institution. Commercial evaluation of foreign transcripts must be conducted by approved evaluators listed at www.palmbeachstate.edu/admissions/transcript-request.aspx.

Cumulative Grade Point Average
Cumulative grade point average (GPA) must be at least 2.5 in all previous college work attempted. The student must have at least 12 or more semester hours of college course work.
