

#	Question	Answer
1	The specs call for maintaining a baseball field, a softball field and a soccer field. The pricing area asks for pricing only for two ball fields?	The soccer field has been added to the pricing sheet and has been posted as Addendum A, <a href="http://www.palmbeachstate.edu/purchasing/Documents/Addendum-A-ITB-1415-03-Athletic-Field-Maintenance.pdf">http://www.palmbeachstate.edu/purchasing/Documents/Addendum-A-ITB-1415-03-Athletic-Field-Maintenance.pdf</a> .
2	I see that the bid may require top dressing. For the maintenance of the Golf Course. What are the specs for the top dressing?	The specs are for the baseball, soccer and softball fields, not a golf course.  80-20: 80 percent sand and 20 percent Florida peat moss. The specifications mention owner approved sand mixture. These mixtures could be 90-10 [90 percent sand 10 percent Florida peat moss] or # 200 sand.
3	Maintenance specification #3 aeration. Who marks the irrigation heads?	Vendor will arrange this with PBSC irrigation staff.
4	Specification #4, verticutting. Who is responsible for hauling away debris?	Vendor.
5	Specification #14 Ryegrass. Is there a date to apply ryegrass?	Early December if your herbicide program is on schedule.
